

As Alternate Deep South Director I have been praying daily for our Director's continued health and ability to serve.

As the Unified Regional Projects chairman, I have been working with our Director, state presidents and state URP chairmen to produce the panel discussion that will be held this afternoon at 2:30 p.m. I hope to see y'all there! I've also made an educational display. There will be handouts for all of you available to take home to your clubs. Keep on turning out those dollars and those scholars!

Carol Keefe
Alternate Regional Director
